(b) The Ministry of Social Justice and Empowerment had commissioned, in August, 1998, a project OASIS (an acronym of Old Age Social and Income Security) and nominated an 8 member Expert Committee, headed by Dr. S.A. Dave, former Chairman, Unit Trust of India, to examine policy questions connected with old age income security in India and submit its recommendations to the Government. The Committee submitted its final report to the Government on 11.01.2000. The Report contains recommendations on the schemes and action that Government may take so that every young worker builds up enough savings during his/her working

life which could serve as a shield against poverty during their old age. The recommendations contained in the report have a twin focus of further improving existing pension provisions and to devise a fresh pension plan for such workers who are not included in the present pension provisions but are capable of saving modest amounts which can be converted into Old age Income Security.

(c) No, Sir. The recommendations are presently under active consideration of Government.

(d) Does not arise.
